

SIRIPURAM RAHUL

8-6-18 Nehru Nagar, Sircilla, Telangana 505301

Summary 📞 +91-9493115336 ✉ siripuramrahul3@gmail.com 🌐 GitHub Profile 🔗 LinkedIn Profile

Full-stack Software Engineer with 2+ years of experience building Java and Angular applications. Skilled in Spring Boot, REST API development, and Angular, with hands-on experience integrating AI capabilities using Spring AI and OpenAI. Focused on writing clean, testable code and shipping reliable solutions.

Experience

OneDigitals Soft Solution India Pvt Ltd

Jun 2024 – Present

Software Engineer

- Contributed to a RAG (Retrieval-Augmented Generation) system using Spring AI and OpenAI, covering document ingestion, semantic search, and LLM-based question answering.
- Integrated Angular components with backend REST APIs using Angular HTTP client, managing request and response handling across the application.
- Developed RESTful APIs using Java and Spring Boot, supporting multiple projects in production.
- Improved test coverage from **7%** to **57%** and cut SonarLint issues from **200+** to under **50** through refactoring and unit testing with JUnit and Mockito.
- Designed Angular UI features using TypeScript and SCSS, delivering responsive layouts across applications.
- Implemented **10+** AEM components using Angular, HTL, and Java Sling Models, improving site functionality and content management.
- Used Git and GitHub in an Agile workflow, managing pull requests and participating in code reviews across sprints.
- Demonstrated excellent communication skills, collaborating with clients, senior management, and internal teams to ensure project success.

Projects

Taurani | Angular, Spring Boot, Java, Spring AI, OpenAI

Sep 2024 – Present

- Built Angular UI components for the web application, focusing on reusability and consistency across modules.
- Developed Spring Boot REST APIs to handle business logic and connect with business systems.
- Built a RAG proof-of-concept using Spring AI and OpenAI, implementing document ingestion, vector search, and LLM-based Q&A based on client requirement.
- Worked across the project lifecycle covering requirement analysis, development, testing, and deployment.

Macnica | Java, HTL, SCSS

Jun 2024 – Sep 2024

- Implemented **10+** Adobe Experience Manager (AEM) components using Angular, HTL, SCSS, jQuery, and Java to support site content management and scalability.
- Wrote unit tests using Mockito and AEM Mocks to verify **100%** of component functionality.
- Extended **8+** AEM components with Java Sling Models to add backend functionality.

Technical Skills

Programming Languages: Java | Python | C

J2EE Technologies & Backend: Spring | Spring Boot | Spring AI | REST APIs | Maven

Frontend: HTML | CSS | JavaScript | TypeScript | Angular

AI / GenAI: Retrieval-Augmented Generation (RAG) | OpenAI API | Vector Search | LLMs

Databases: SQL

Unit Testing: JUnit | Mockito

Methodology: Agile | Scrum

Version Control: Git | GitHub

Libraries: Java Collections | Python Libraries

Relevant Coursework: Data Structures | **OOP Concepts**

Coding Profiles: •LeetCode •Geeks for Geeks •Hacker Rank

Certifications

- Programming in **Java** – National Programme on Technology Enhanced Learning (**NPTEL**) – 79%
- Java Developer – **Oasis Info byte**
- Machine Learning with Python – **Li-Mat Soft Solutions**
- Attained Certification in TCS-iON Career Edge – Young Professional – **TCS iON 2022**

Education

Bachelor of Technology in Electronics and Communication Engineering

Jun 2020 – May 2024

Rajiv Gandhi University of Knowledge and Technologies, IIIT-Basar.

CGPA: 8.5
